### MAAG Group continues expansion with additional services in Malaysia

**Oberglatt, Switzerland, November 27, 2023** – MAAG Group, a broadly diversified global solutions provider of Pump & Filtration Systems, Pelletizing & Pulverizing Systems, Recycling Systems and Digital Solutions, has again expanded its operations in Asia, announcing new services in Malaysia for MAAG Ettlinger melt filters. Now, in addition to, cutting rotor regrinding, MAAG Malaysia can also provide vacuum pyrolysis oven cleaning.

In plastics processing some components have to be repaired, upgraded, or replaced during the long plant lifecycle. MAAG Malaysia offers our customers comprehensive repair services for their polymer production plants. Whether repairing gear pumps and filters or reconditioning and regrinding of cutting rotors — we ensure a long service life for your machines. The facility serves most of Asia.

Ueli Thuerig, President of MAAG Group, said: “We are excited about our new Malaysian growth. This project marks another important milestone in the implementation of the company’s plan to grow capacity in strategic markets where we expect strong long-term demand.”

These additional services are the latest example of MAAG’s commitment to the Asian market.
